# Connecting Community Needs with Local Businesses Ready to Help

# Need support for a project in your community?

Local businesses working with Platform Housing Group are offering their skills, time, and resources to help community groups, charities and social enterprises operating in our areas make an even bigger impact.

## Getting started is easy:

1. Apply to join **Match My Project** and tell us about your community project.
2. Review offers of support from local businesses.
3. Work together and bring your project to life.

**Match My Project**

Whether it's practical help, professional expertise or donated resources, support could be just a scan away.

**Scan the QR code below to find out more.**

\*Match My Project is community-led and aims to connect local projects with available business support. While we cannot guarantee every project will be matched, we welcome applications and work to create meaningful partnerships wherever possible.
